

# Principal Faculty – Nursing

**School: The School of Health Sciences**

**Position Type: Full-Time, 12-month (1.0 FTE)**

**Reports to: Program Director**

**Purpose: Teaching (Primary), Coordination and Supervision of Individual Courses**

Stephens College seeks a dynamic student-centered educator for a full-time, 12-month position in our undergraduate nursing program in the School of Health Sciences. The ideal candidate will bring enthusiasm, experience and energy to our newly developed, innovative BSN nursing program at Stephens College.

## **Principal Faculty job duties:**

- Support the mission, vision, and ideals of the College and the Nursing program.
- Engage in teaching, scholarship, and service activities as defined in the Faculty Personnel Policies and the Constitution of the Corporate Faculty
- Serve as principal faculty in the Nursing program with assigned teaching duties based on background and experience in class, clinical, laboratory, and simulation settings
- Provide academic advisement to Nursing students
- Develop courses and teach undergraduate Nursing
- Oversee the clinical, laboratory, and simulation learning experiences
- Develop and pursue a research and scholarly agenda engaging students
- Contribute to accreditation and registration requirements
- Facilitate program assessment and evaluation
- Provide service to the college and profession
- Assist in the development and evaluation of curricula and programs

Stephens College is committed to the promotion of diversity and thus the candidate should facilitate a work environment that encourages knowledge of, respect for, and ability to engage with those of other cultures or backgrounds. Candidates should have an understanding and knowledge of multicultural and diversity issues, and their potential applications to pedagogy, programming, and service activity.

## **Education and Experience:**

### **Essential:**

- Current active licensure to practice professional nursing in Missouri and has never been disciplined in any jurisdiction.
- MS in Nursing from an Accredited College or University that includes a clinical component.
- Experience teaching at the collegiate or university level.
- Ability and clinical experience across more than one specialty area.
- Record of clinical experience, more than 3 years.
- Ability to flex teaching style to a wide variety of learners.
- Excellent collaborative and interpersonal communication skills.

Highly Desired:

- DNP or PhD in Nursing from an Accredited College or University.
- Doctoral research experience.
- Experience teaching baccalaureate level nursing, prelicensure.
- Experience with accreditation and program assessment.
- Experience in engaging undergraduate students in research opportunities.
- Specialty certification.
- Multiple areas of expertise including medical-surgical nursing.

Salary is competitive and commensurate with education and experience.
